

BC-5-IQ

5x blinds position controller

Model number:	BC-5-IQ
Mounting:	DIN rail, 6M, 106mm

Applications

- Blinds
- Curtains
- Awnings
- Shades
- Projector screen and lift

Basically all type of bidirectional motorized blinds with built-in limit switches.

Features

- Smart short/long press positioning
- Easy travel time set-up; different times for both directions

- Optional, adjustable intermediate position
- Automatic correction at boundary position
- PC, smartphone and cloud connectivity

General description

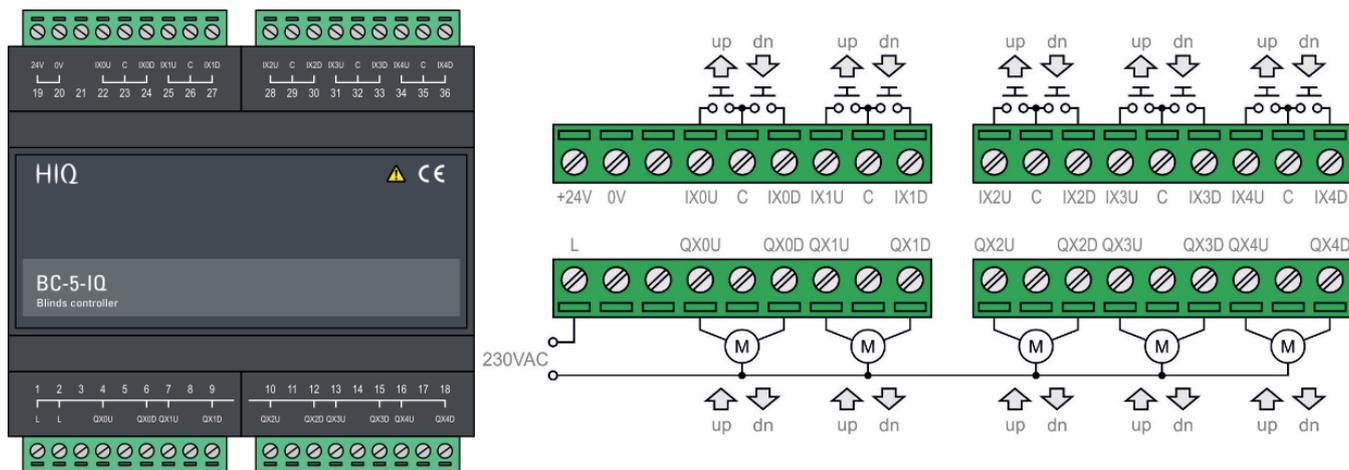

HIQ module for blinds and all kind of shadings driven by 2 way electric motor with integrated limit switches. Local control with up / down buttons. Advanced functionality including smart-phone operation, internet operation, scenes, HIQ automations, automatic weather response and more are provided when connected to HIQ Home Controller.

Technical specification

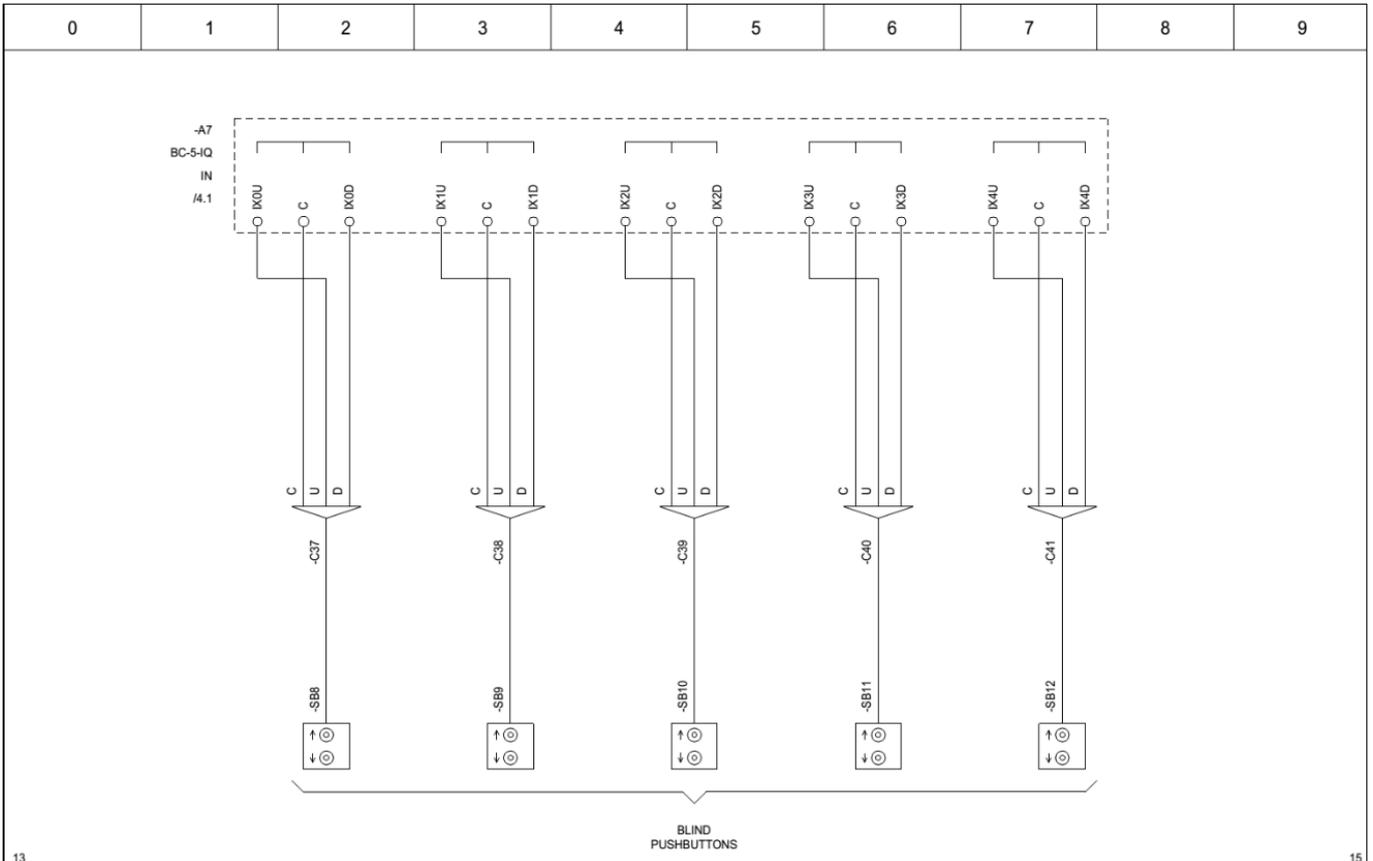

Output power per relay:	200W
Total output power (all relays):	2000W
Inputs	internal pull-up, 12V, 2mA
Maximum input cable length:	50m
Power supply:	24V / max. 95mA
Ingress protection:	IP20
Operating temperature:	0..45°C
Storage temperature:	-20..75°C
Relative humidity:	0..95% n/c
