xEMS-C

xEMS is a system for efficient energy management in industrial and business facilities

Order code:	**xEMS-C**

Features

Industry grade ESS with high energy and power density, scalability and excellent performance. Integrated EMS wih advanced functionality and lifetime strategy upgrades. For residential, Commercial and Utility applications. xEMS provides dynamic energy flow management, peak shaving and other advanced functions.

Technical specification

Power supply	230 VAC
Communication:	Ethernet/Modbus
Integration interface:	API, OPC, Modbus, Digital twin
